

Quiz 3

(5 points)

Time: 29 October 2021 at 14:50-15:20 (30 minutes)

There are 2 questions. You need to answer all two questions. Please **submit** your answers in a PDF file with a file name “**Quiz3_StudentID_FirstName Surname**” via BE Moodle class before **15:30**.

Question 1: (2.5 points)

“Thailand will formally announce a new pledge to achieve carbon neutrality by 2065 at the COP26 in UK in November 2021.”

- a. What could be the reasons driving Thailand to set carbon neutrality target at COP26?
- b. What policies could be used to achieve carbon neutrality in Thailand?

Question 2: (2.5 points)

“A cost-effective allocation of a uniformly mixed fund pollutant is where marginal costs are equalized for all sources or firms.” Do you agree with this statement? Explain the reasons supporting your answer.

Q 1

a) The reason is that Thailand aim to achieve long-term temperature goal and to reach global peaking of greenhouse gas.

Thailand will get additional fund from others country by set carbon neutrality at' COP26.

b) we can use both Adaptation policies and mitigation policies

Q 2

I agree with this statement, efficient allocation of a fund pollution, the marginal control cost will equal to the marginal damage cost, no link between present and future damage.
