Hello class,

If you received this email, you have successfully subscribed to the TU110 email list. Please remember that these emails are required reading for the class. The emails will be numbered so that you will know if you happen to miss one. I recommend that you save these emails for future reference.

All of you completed the class survey, and most of you sent me the email I requested and attached a properly named picture. Each one of those items counts as a class participation activity, so most of you have 100% of the class participation score (which is 10% of your grade in the class).

Please take a look at the list below and let your friends know if they need to do something. I've attached the course outline for your/their convenience.

Russell
