

B.E. International Program

Faculty of Economics, Thammasat University

Semester: 2/2011

EE 312 Macroeconomics Theory

Professor Dr. Pranee Tinakorn

Group assignment (100 points)

1. Everyone in the group must read and collect news related to macroeconomic issues during March 23 – April 17, 2012. Make notes about the sources of the news, e.g. date and name of the newspaper or website, etc.
2. After April 17, the group members should meet and discuss about their news collection and select 4 pieces of news for macroeconomic analysis, using the relevant analytical tools and economic theories you have learned in this course.
3. After the group discussion, each student is responsible to write up an analysis of one piece of news. In your group report, indicate which student is responsible for which piece of news analysis. Also provide a copy of the news and their sources in the appendix.
4. Hand in the group report on April 27, 2012 at the BE office.

WARNING If any 2 or more groups are found to have copied any part of each other's report, all members in those groups will be penalized, receiving zero for their total homework scores which count as 20% of their grade.
