

Welcome to EE212! In order to get to know you better and have a more interactive course, I need your help by answering these questions:

I. About you!

First name:

Last name:

Name:

Email (legibly please):

May I put your email on an email list for the class:

Yes

No

Hometown:

High school:

Major interests/extracurricular activities?

II. Your background

Why does economics fascinate you?

What social issues could you give a 5-minute talk on right NOW?

Which social topics leave you fascinated, but clueless about?

Have you taken macroeconomics course before?

- Yes
- No

What economics and mathematics courses have you taken up until now (incl. high school) ?

Which economics courses are you taking this semester (apart from this one)?

III. The course

What do you expect to learn from this course?

What should this class NOT be like?

Very important: do you have any disabilities or special needs you would like me to know about, so that we can facilitate you during classes and examinations?

“I learn the most when the lecturer...”

IV. The future

What do you think you will do after you graduate? (can choose multiple)

- Start your career in the private sector
- Start your career in the public sector (including NGOs & international organizations)
- Start your career in research
- Continue studying social sciences at graduate level
- Continue studying in other fields

What else should I know about you?

What would you like to know about me?

Any further comment?
