

Group Assignment 5: Research method

Explain the research method of your group project including

1. Variable measures
2. Sources of data (Primary and Secondary data)
3. Methods to analyze data
4. Based on question number (2)
 - 4.1 If you plan to conduct interviews, please specify whom would you like to interview and provide interview questions for each group of people you would like to interview
 - 4.2 If you plan to distribute questionnaire, please provide forms for questionnaire. If you plan to do it using google form, please provide the form in word file for me so that I can provide comment in the file. Do not put the file in google form until you revise questions based on my feedback.

Deadline: October 13th, 2022 midnight

Note: Please name your file in the group assignment folder as **Assignment_5_Research_method**
