Instructor:

Name: Dr. Pimsiri Taylor

Office Hours: Mon, Thu, Fri 9.30-16.30 hrs. (Tha Prachan- Thursdays)

Email: pimsiri.t@litu.tu.ac.th

Phone: 0864661456

Number of Credit: 3 Credits (3-0-6)

Prerequisite: -

Course Description:

Development of language skills in English for economics through lectures, reading, and discussion of contemporary issues. Practice and use of relevant vocabulary and study skills including note taking, paraphrasing and group discussions of basic economic issues. Skills development in describing economic trends, making predictions, and conducting economic debates.

Course Objectives:

The course is designed to promote students' improvement in the English language skills of listening, speaking, reading, and writing related to the field of economics.

Expected Learning Outcomes:

Objective 1: Students will be able to understand academic or subject-specific content in form of listening.

Outcome 1.1: Recognize speech organization and the interconnectedness between parts

Outcome 1.2: Identify topics and main ideas of academic lectures or related economic content

Outcome 1.3: Distinguish main ideas from supporting details and separate facts from opinions
Objective 2: Students will be able to understand academic or subject-specific content in form of reading.
Outcome 2.1: Recognize text organization and the interconnectedness between paragraphs/parts Outcome 2.2: Identify topics and main ideas of economic or related texts Outcome 2.3: Distinguish main ideas from supporting details and separate facts from opinions
Objective 3: Students will be able to write short paragraphs and essays related to their subject content.
Outcome 3.1: Write a paragraph to describe graphs and charts (120-150 words) Outcome 3.2: Write a mini essay to compare and contrast (350-500 words) Outcome 3.3: Write a mini essay to argue and provide logical reasoning (350-500 words)
Objective 4: Students will be able to deliver oral speech or presentations in the context of their subject
Outcome 4.1: Present graphs and charts by using appropriate terminology Outcome 4.2: Debate or make an argument through logical reasoning, comparing and contrasting ideas
Objective 5: Students will be able to present opinions or arguments about responsible consumption and production (SDG 12) in the context of their subject
Outcome 5.1: Understand the concept of sustainable consumption and production in the economic context Outcome 5.2: Debate or make an argument through logical reasoning, comparing and contrasting ideas related to sustainable consumption and production in the economic context

Main Text:

In-house materials will be provided by the course instructor.
