

From the UNDP (2019) study on Tolerance but not inclusion, what is your viewpoint on this issue? Discuss your view by including the forecasting impact on the economic sector and what policies government should implement to solve any challenges.

I think that because people come from the different family which they are fostered in the different way. As a result, they might not understand others well. In addition, the attitude from cultural context may differ among families. However, the government also be an important role who can encourage the acceptance of LGBT equally. They can give an education to people to understand the diversity of people.
