

## Final exam information for EE320

December, 11<sup>th</sup> 2017

This note summarizes all important information for the final exam. It's pretty long, but please read everything written below. First things first.

### 1) Exam format

I already said in class, but let me repeat again.

- There will be 4 BIG questions. This exam counts for 50%. Cover everything that we taught after the midterm exam. Simple calculator is allowed.
- It's fine to use pencil, but make sure I can see clearly what you write on the paper.

### 2) Tutorial class

- I had a talk with your TA. Fortunately, he is kind to offer you one last tutorial class on Dec, 21<sup>st</sup>. Time is between 10.00 am and 11.30 am. Room is to be determined; please check BE moodle.
- Let me suggest you guys one thing. Be prepared before coming to Tutorial class; at least you'd better study or practice some problems before coming. All the materials were posted on the BE moodle. The most efficient way to use the tutorial class is to come with questions, so that you get to discuss with him, and other classmates.

### 3) Office hour

- I'm holding office hour on Dec 21<sup>st</sup> between 2 pm and 5 pm. My office is room 516. If you can't come, just shoot me an email with questions. I'll try to get back to you when I have time.

### 4) Checking your assignment/quiz/midterm score

- Please visit the following link, and check your scores that you had earned out of the first 50%.

<https://docs.google.com/spreadsheets/d/14AmrBbY7Og5Ia2zsYF7wryS4TAxizKD1KCfFa8atc7o/edit?usp=sharing>

- If your scores are all correct, you don't need to do anything. Just study for the final exam. **But if you find your score incorrect, send me and email asap. I will check and fix them up if there is really any mistake.**
- My general rule is that you have time until the exam date (Dec 24<sup>th</sup>) to notify me. If I don't hear anything from you, I will just treat that you already checked, and you found nothing wrong. The score will be used for the final grading procedure, along with your final exam score.

Good luck for the final exam. Your hard working will be rewarding.
