

Current Research Issues in the Capital Market

Veerathai Santiprabhob, Ph.D.
Chief Strategy Officer and Executive Director,
Capital Market Research Institute,
The Stock Exchange of Thailand

24 January 2013, 1pm – 3pm.
Third floor room 303, Faculty of Economics, Tha Prachan

Dr. Veerathai graduated from Thammasat University with first-class honours in economics and received a scholarship from Anandhamahidol Foundation to pursue his studies at Harvard University, where he earned an M.A. and Ph.D in economics. Returning to Thailand, he began his career at the International Monetary Fund (IMF) for one year before joining the Ministry of Finance, where he became co-director of Policy Research Institute and Fiscal Policy Office. He joined the Siam Commercial Bank in 2000 as executive vice president. Later he moved to SET, where he is in charge of corporate strategy and development for the Thai bourse, overseeing business policies and developing strategic plans. He also heads the Capital Market Research Institute, which supports the work of the Capital Market Development Committee toward the development of SET to become a key player in Thailand's capital market development.

This special lecture is part of the course EE 658 - Selected Topics in International Economics conducted by Dr. Nattapong Puttanapong and Associate Professor Dr. Tatre Jantarakolica.
