BECC Testimonial

BECC gave me a big precious connection and and
rooted me for tons of my achievements

~ Kaew BE23

BECC is nothing less than ideal! I couldn't think of
anywhere else that could give me greater support, better
learning opportunities or warmer family.

~ Pair BE23

I became a BECC member in my senior year and it
was one of my best decision. BECC is a phenomenal
place to gain exposure to a challenging business
problems while quickly developing a strong skillset.
More than that, BECC has really felt like a family
that I will always be grateful for.

~ Beam BE24

I am very grateful to be a part of BECC. BECC has led me
to know many talented and kind people who are there to
support me, giving me great advice when I need them the
most. Looking back, competing in case competitions as well
as going through a lot of training, sometimes it was hard
and tough. But trust me-- all was worth it. My perspective
has been broadened, my skills have been tremendously
improved and many meaningful relationships have been
created.
