Morgan Stanley piles pressure on Tesla with US$10 worst case call

Further falls in Tesla Inc's share price increase its chances of being sold in the years ahead, Morgan Stanley analysts said on Tuesday, as they slashed their worse-case scenario for the electric car producer to just US$10.

Tesla seen finding ample appetite for its newest convertible bond

Kate Duguid

4 MIN READ

NEW YORK (Reuters) - Tesla Inc should find no shortage of demand for the $1.35 billion convertible bond the electric carmaker is selling even though the terms it is offering look inferior on paper to a similar deal two years ago, bond investors said Thursday.
