

Reminder

Please refer to the email which I sent on Sep 18, 2021. Let me remind you all again.

*“Regarding the EE432 virtual mid-semester exam scheduled on October 2, 2021 during 9-11 am, I would like to clarify some following points. Please be informed that the mid-semester exam would only be a paper-based format. **You need to write your answers (not typing) on A4 papers (or written on iPad) then convert to a pdf file.***

*One more thing, **this exam is designed as an open-book non-proctored examination.** You need to ensure you can complete and submit in a fixed duration by yourself without assistance from the invigilator. The BE admin would grant extra 15 minutes after 11 am for all of you to prepare answers for submission in a single pdf file. In other words, the answer submission has to be completed by 11.15 of October 2, 2021. We would suggest you guys to familiarize yourself in advance with how to convert and submit your answer in pdf format.*

***The BE admin will set up a google classroom as an official platform for the virtual exam and channel for submission.** Please also follow all BE instructions”*
