

Group 4 : The index of Political Stability.

The index of Political Stability

Definition: The index of Political Stability and Absence of Violence/Terrorism measures perceptions of the likelihood that the government will be destabilized or overthrown by unconstitutional or violent means, including politically-motivated violence and terrorism.

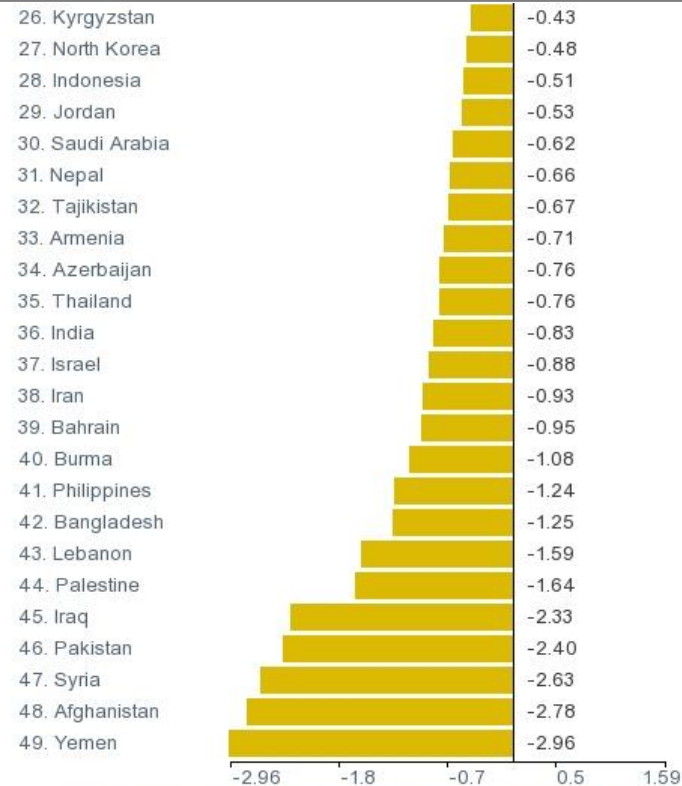

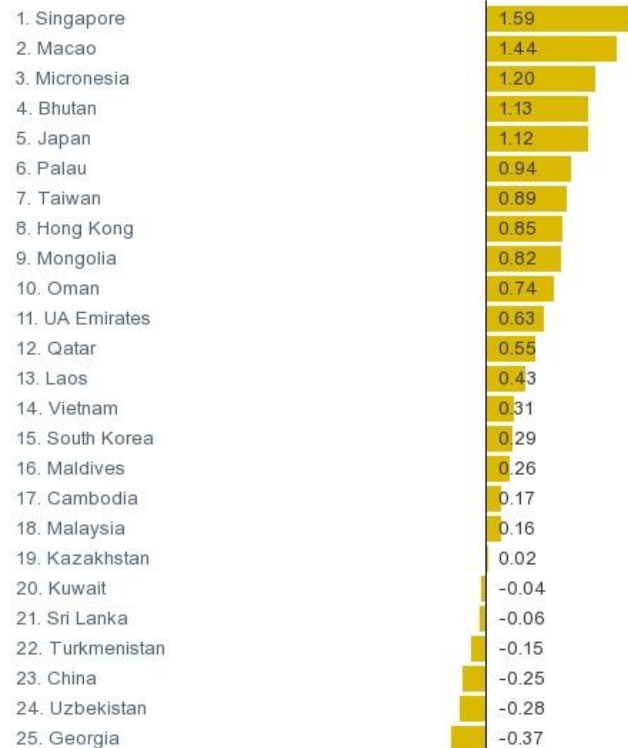

Main components in Political instability:

- Coercive behavior: assassinations, terrorism
- Government change: revolution, coups
- Political protest: mass arrests, Anti-foreign demonstrations
