INTRODUCTIONS

01

Global Economic Effects of COVID-19

02

Many people have lost their jobs or seen their incomes cut.

03

Unemployment rates have increased across major economies.

04

The numbers of new job opportunities is still very low in many countries.

PROJECT'S BACKGROUND

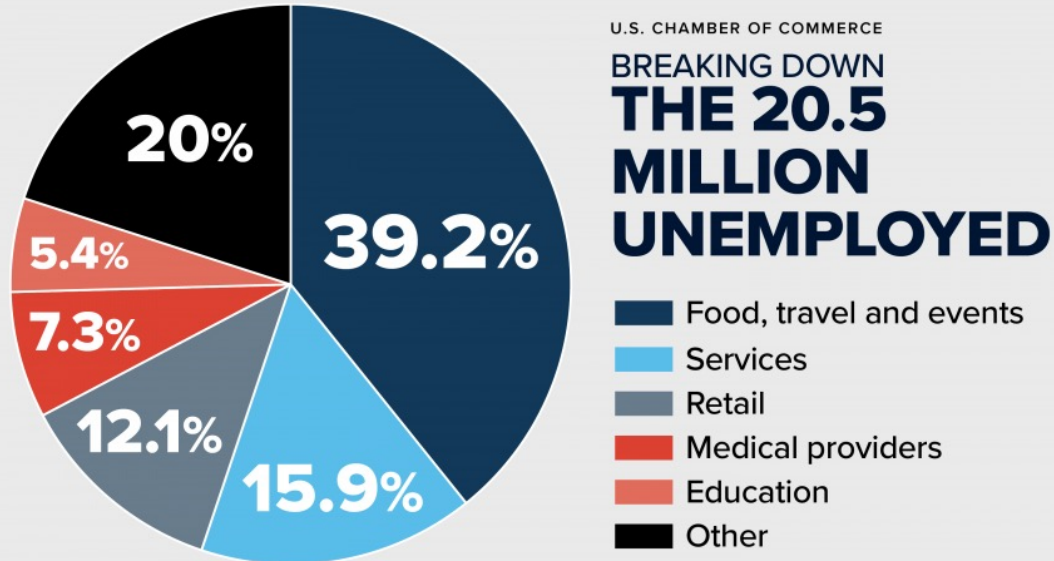

The pandemic has damaged youth employment

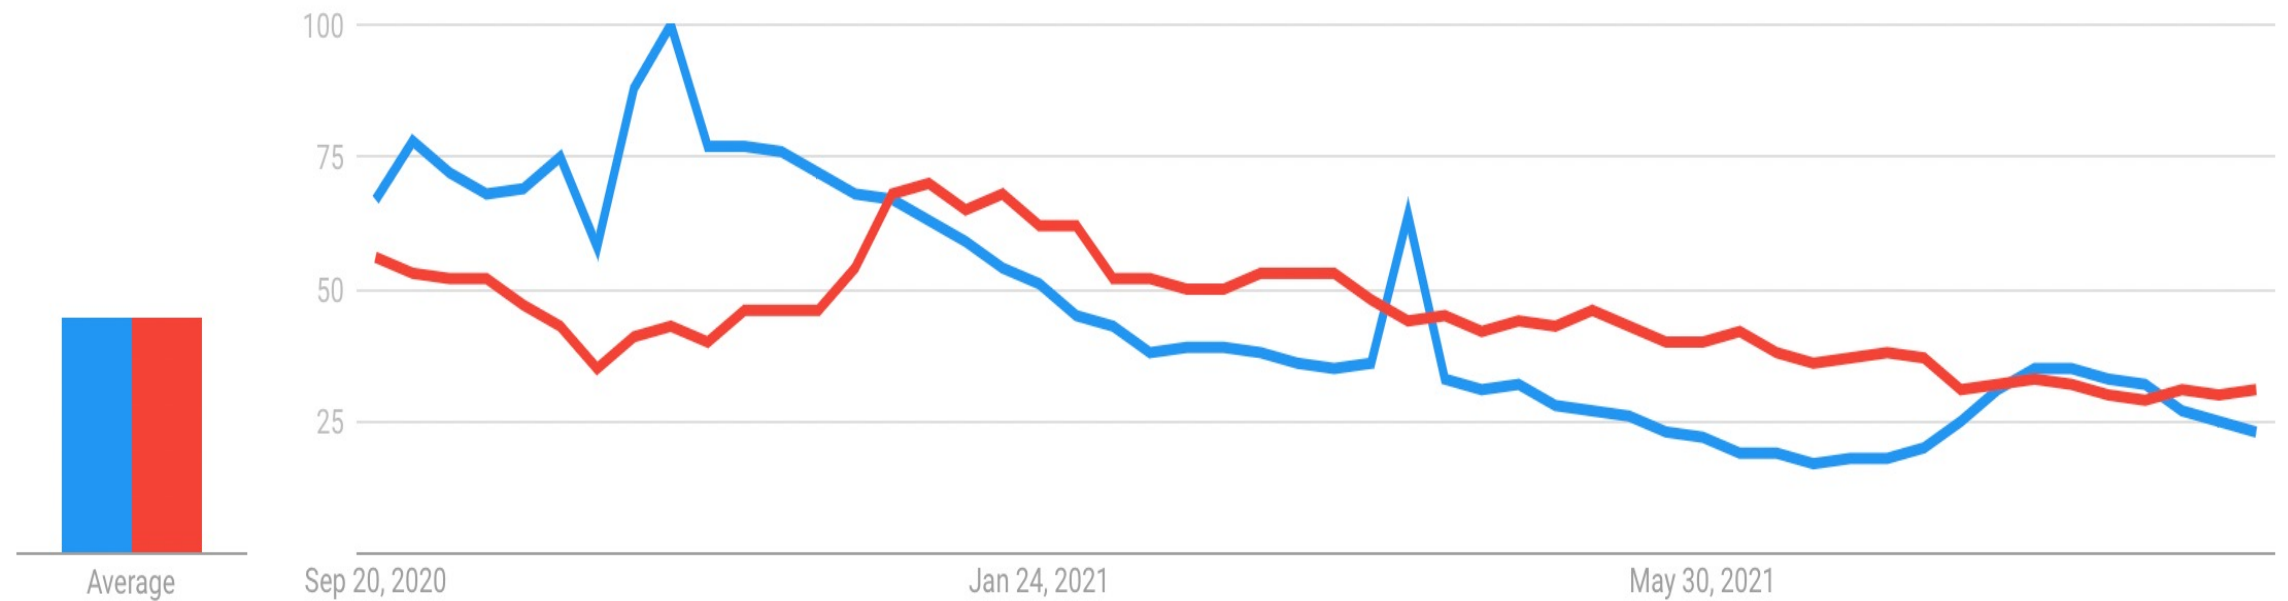

ISSUE & IMPORTANT

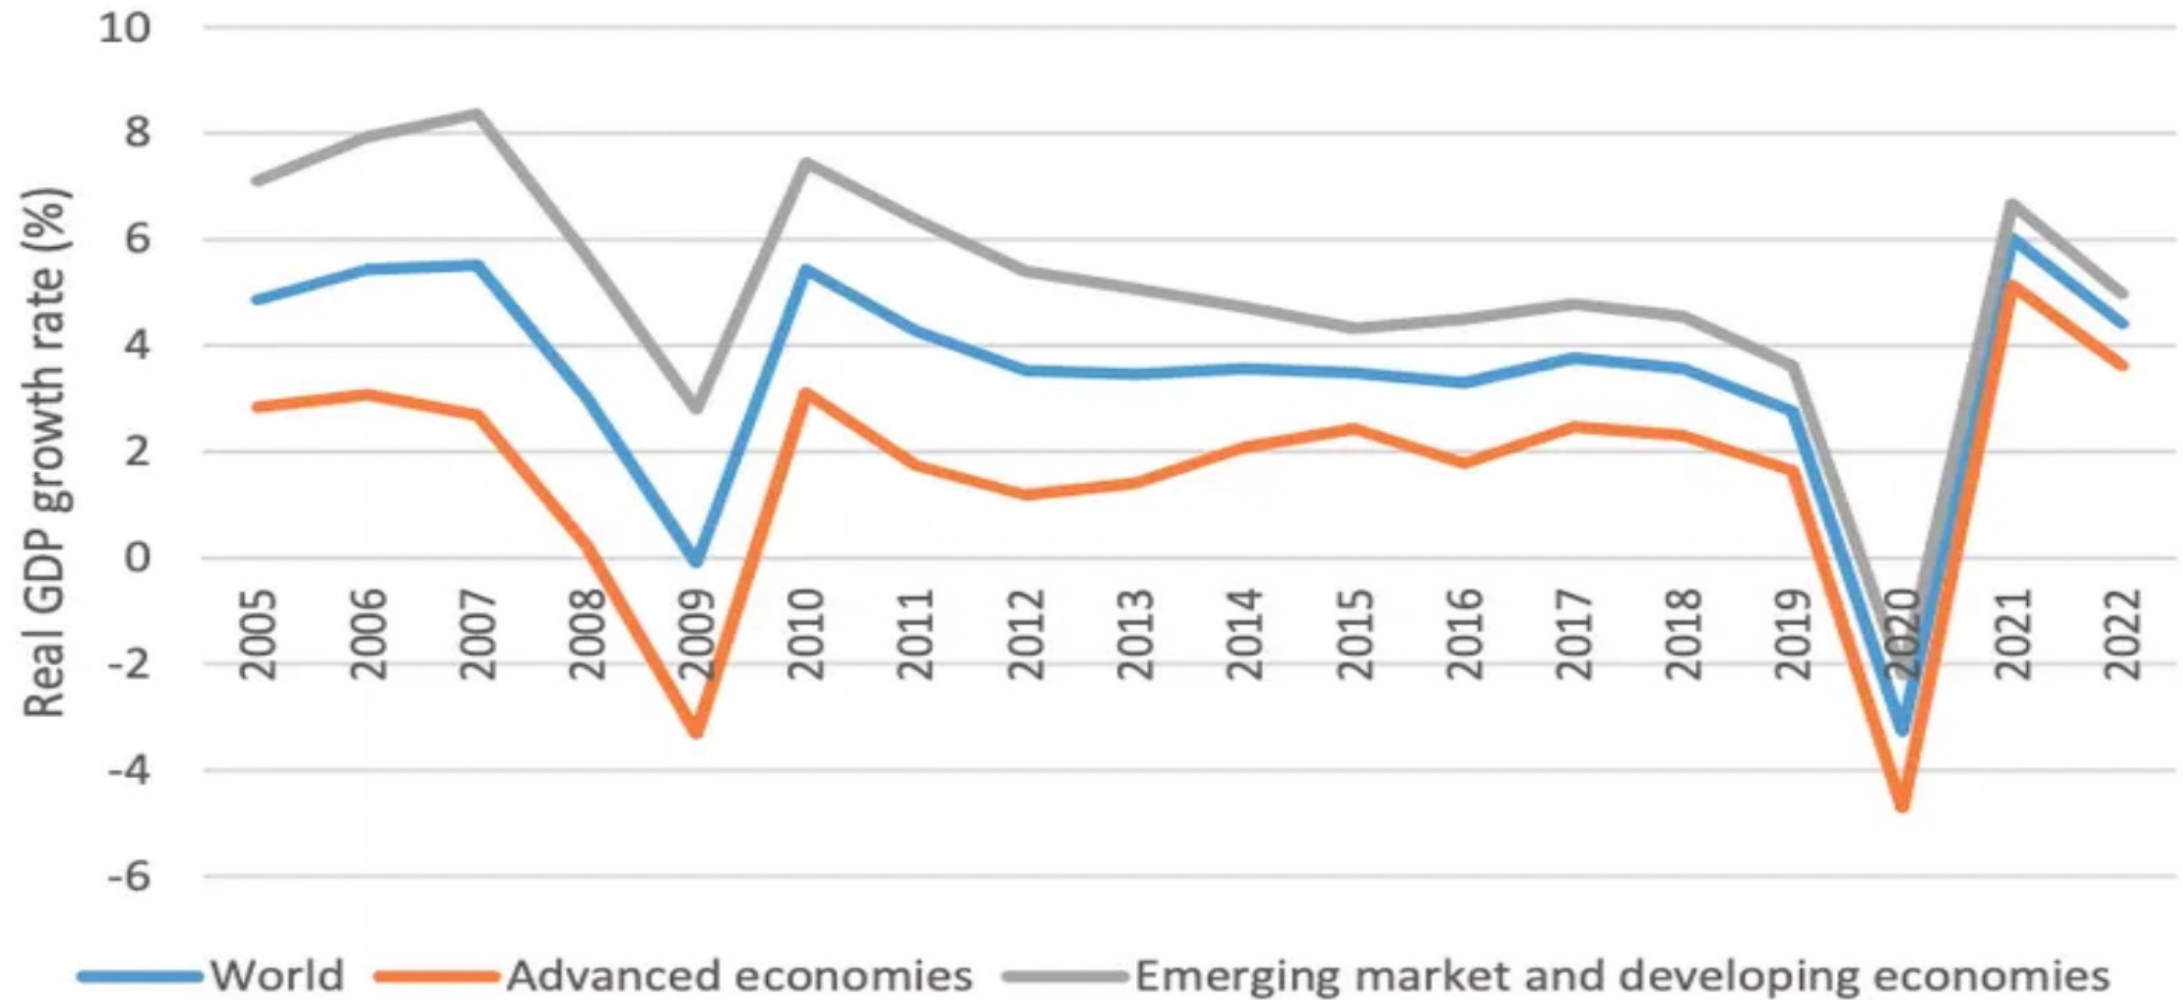

Around the world in 2020, youth employment dropped by 8.7%. For adults the fall in employment was less severe, registering at 3.7%. This difference illustrates the extent of the pandemic's economic consequences for younger people.
