

EE382 1/2022

Group Assignment 1: Service productivity, service growth and economic growth

Pick a service industry your group want to study (and pursue for your group project). Then analyzw

1. Factors affect that service industry growth
2. Labor productivity issues (and measurements) in that industry
3. Impact of that service industry on economic growth
 - 3.1 Does Baumol's Cost Disease implication on this relationship apply to your group service industry?
 - 3.2 Please also answer this question based on other issues or arguments other than Baumol's Cost Disease argument.

Deadline: Thursday September 1st, 2022 (midnight)

Note: Please name your file in the group assignment folder as

Assignment_1_Service_productivity_service_growth_and_economic_growth
