

## Course Outline

### MK395: Special Topics in Marketing 1

Semester 1/2022 (August 8<sup>th</sup> – November 27<sup>th</sup> 2022)

**Number of Credit:** 3 Credits

**Prerequisite:** MK201 or approval by the instructor

#### Course Description:

The course introduces students to various data search, data collection, and data preparation techniques. These data include both internal and external data as well as big data online. Subsequently, students will learn how to analyze these data to uncover marketing insights before deriving data-driven marketing decisions in the areas such as positioning, pricing, distribution, and integrated marketing communication.

#### Course Objectives:

Students will:

- (1) Be familiarized with marketing information available for making marketing-related decisions
- (2) Be able to identify and select appropriate information for making a marketing-related decision
- (3) Be able to analyze marketing information to make a sound marketing-related decision and strategy
