

Jay Capital Advisory Limited is offering new opportunities for those who are keen to explore a career in investment banking. We are looking for a bright, enthusiastic candidate with willing-to-learn attitude to join our team as

Associate/Assistant Manager – Investment Banking

You will be exposed to dynamic work environment, participate in a broad range of financial advisory deals, and get a chance to work with C-level executives.

Role & Responsibilities

- Perform due diligence procedures, assess industry research and trends, conduct financial and accounting analysis, and documentation of transactions.
- Develop financial models and perform various valuation approaches, i.e. discounted cash flow and multiples, on companies in various industries.
- Prepare presentations or documents as required by transactions, i.e. pitch book, PO filling, IFA report, SEC/SET disclosure.
- Coordinate with all relevant parties to facilitate the execution of transactions.

Qualifications

- Bachelor's degree or higher in Finance, Accounting, or related fields.
- Relevant work experience in investment banking, financial advisory, or auditing is a plus.
- Strong knowledge of financial analysis, financial valuation, and accounting due diligence is required. Knowledge of SEC/SET rules is a plus.
- Strong analytical, conceptual, and problem-solving skills.
- Self-motivated to seek out knowledge, results-oriented, and attention to detail.
- Ability to work in a fast-paced, team-based environment.
- Strong communication skills, both written and verbal in Thai and English.
- Proven proficiency in Microsoft Office (Excel, PowerPoint, Word).
