

Assignment 1

- Prepare a short paper (less than 5 pages) for the case assigned to your group. Please include references or sources of information in your paper. Submit the paper one day before the presentation date. (Share it in the forum of Moodle?)
- Prepare a set of presentation slides. Rehearse and give your presentation for 20 mins. And 5mins to respond to comments from your audience.
- Prepare to give feedbacks to other teams
 - o 5mins for recap and clarification questions.
 - o 5mins for green and red comments.

A. Career planning

Please describe key concepts of career planning. Also, give some guidelines in developing a resume, creating a cover letter, and preparing for job interviews.

Please share your ideas about the future of jobs.

B. Tax planning

Please list and explain all tax deductions and allowances in the calculation of personal income tax, according to the Revenue Department of Thailand. Specifically, please explain the following terms and how to use them in tax planning.

- Social security fund
- Provident fund
- Retirement fund (RMF)
- Long-term equity fund (LTF)
- Annuity (insurance product)
- Home mortgage

Please share your ideas about investing in LTF vs. RMF (compare and contrast).

C. Financial services

Please describe key concepts about financial services and institutions for financial planning.

Please share your ideas about potentials of financial technology (FinTech) in improving financial services.
