

Course Outline

FN312: INVESTMENT

Semester 1/2023

Number of Credit: 3

Prerequisite: (1) FN201 and (2) FN211

Course Description & Objectives :

This course aims to provide the student with a deeper understanding and appreciation of the complex questions and tradeoffs facing any investor, along with the necessary theoretical background for critically evaluating alternative investment strategies and the modern literature on investments. The course is designed to provide a conceptual framework for analyzing investment decisions, and the course will entail the use of a number of different statistical tools, ranging from the notion of probability distributions through linear regression analysis.
