

## Details for TU 101 Discussion Class on 2 October 2015

**\*\*\*Only for BE students\*\*\***

Students will be randomly divided into 6 students per groups. Students will have 45 minutes at the beginning of the lecture to prepare 10 minutes presentation. The presentation will be on a specific topic relates to Thailand's problems and solutions.

The topic that each group of students gets to present will come from a lucky draw. The draw will consist of the following topics

- 1) Designing policies to reduce Thailand's inequality
- 2) How to sustain Thailand's democracy?
- 3) Designing welfare policies for Thailand

The presentation will be graded, and the marks are counted toward the final score of the course.

Please prepare by reviewing details from the lectures, the readings, and also think in advance about the possible content of the presentation on each of the possible topics.
