

Modern art

1. Summarize "On the Problem of Form" in your own words.
  - In our world, there is abstract spirit in every object and the artist saw that. The artists use these abstract to create their own picture. There are total three elements, personal, national and style. The form is an expression for the artist, so each artist has different expression in the same object. The expression and style will chain through time and age. Sometimes these spirits could be block by the black hands which will block the path of evolution. The art made by the artist will should how skillful the artist is.
  
2. On page 51 of "Understanding Comics – Chapter 2" is a big triangle. Explain in your own words how to use the triangle.
  - The triangle shows how cartoonists choose a concept to draw. Each point on the triangle show how realistic or how iconic the picture will be. The cartoonists can change the point in the triangle, each point in the triangle will result in the different the picture will be. The triangle shape picture is showing the universe of cartoon because the artist can change his/her character as they want like the triangle shows his/her world.
  
3. Is "No. 5, 1948" good art? Explain your answer using examples from the readings.
  - Yes it is. The artist use iconic picture to convey his imagination and feeling. Not just realist picture consider good. The artist shows her idea by show the beauty of art through his picture.
