Name: _____

CPWS: What are the humanities?

For all TU110 Class Participation Work Sheets (CPWS), please remember to write in complete sentences as often as possible and to only write in your own words, i.e. do not copy from the texts, from the internet, or from a friend. Also, write neatly – illegible answers will not receive full credit.

In your own words, what are the humanities?

What are some examples of the humanities that you find in your everyday life?

Using our first lecture for ideas, what are some examples of one civilization's culture affecting another civilization's culture?

In your own words, what is a "worldview"?

Do you think Americans and Thais have similar worldviews? Why? Explain your answer/reasoning with relevant examples.

Please answer this question on the back of this sheet.
