

Student Information

EE320 Introductory Mathematical Economics

Semester 1/2017

1. Name _____
2. Nickname _____
3. Email _____ Phone Number _____
4. Year of program: 2nd year 3rd year 4th year
5. Major area (if any) _____
6. Minor area (if any) _____
7. Economic classes that you have already taken

8. Economic classes that you are currently taking

9. Economic classes that you plan to take in the next semester or next academic year

10. What is/are your favorite subject(s)?

11. What is your concern, if any, about being in this class?

12. Are you re-taking this class (either because of withdrawal or other reasons)? What difficulties did you have?

13. How well are you familiar with the following concepts?

Concept	Very well	Good	Moderate	Not so well	Not familiar
1. Relation and function					
2. Logarithm and exponential function					
3. Polynomial function					
4. Inverse function					
5. Systems of linear equations					
6. Matrix operations					
7. Matrix determinants					
8. Inverse matrix					
9. Cramer's rule					
10. Derivative and tangent					
11. Partial differentiation					
12. Total differential					
13. Total derivatives					
14. Indefinite integrals					
15. Area and definite integrals					

14. What would you suggest to enhance your learning experience while taking this class? Is there any teaching technique that other instructors use and you particularly like? If so, please suggest.

15. Briefly describe your career aspiration(s). List the top two choices if there are many.

16. Other comments and/or suggestions.

(Note: All information is to be used for teaching purpose only, and will be kept confidential.)
