

## **Problem Set 3**

### **EE468 Integrated Public Economics, Development and Political Economics**

Due in class on April 30.

#### **Instructions:**

- 1) Please make sure to use all theoretical and empirical knowledge learned from class to review 7 research proposals of your classmates (you don't have to review your own one, of course!). In each criteria you score, please write 1-2 sentences comments/questions to justify your scoring. You will be graded by these short comments and your judgements. Make sure to be as specific as possible in making comments.
- 2) Please print out and work on this assignment form. Be sure to bring to class to continue your review on your classmates' presentation on April 30.
- 3) Please write your name on this page, NOT on the following scoring sheets. The scored sheets will be distributed to each proposal owners.

Proposed Intervention 1:  
Name:

Assessment criteria	Total	Points
<b>Research Proposal (20%)</b>		
1. Demonstrated understanding of problem and policy relevance of the proposed intervention	4%	
Comments		
2. Clarity of the proposed intervention and feasibility of implementation	4%	
Comments		
3. Suitability/Testability of research questions and hypotheses	2%	
Comments		
4. Technical rigor of research design and methodology	6%	
Comments		
5. Originality of proposed intervention and contribution toward policy implications	4%	
Comments		
<b>Presentation (10%)</b>		
1. Clarity in presenting development problem and relevance of proposed intervention	2%	
Comments		
2. Clarity in explaining the proposed policy intervention	2%	
Comments		
3. Clarity in stating research design and methodology	2%	
Comments		
4. Ability in address critiques and questions	2%	
Comments		
5. Time	2%	
Comments		

Proposed Intervention 2:  
Name:

Assessment criteria	Total	Points
<b>Research Proposal (20%)</b>		
1. Demonstrated understanding of problem and policy relevance of the proposed intervention	4%	
Comments		
2. Clarity of the proposed intervention and feasibility of implementation	4%	
Comments		
3. Suitability/Testability of research questions and hypotheses	2%	
Comments		
4. Technical rigor of research design and methodology	6%	
Comments		
5. Originality of proposed intervention and contribution toward policy implications	4%	
Comments		
<b>Presentation (10%)</b>		
1. Clarity in presenting development problem and relevance of proposed intervention	2%	
Comments		
2. Clarity in explaining the proposed policy intervention	2%	
Comments		
3. Clarity in stating research design and methodology	2%	
Comments		
4. Ability in address critiques and questions	2%	
Comments		
5. Time	2%	
Comments		

Proposed Intervention 3:  
Name:

Assessment criteria	Total	Points
<b>Research Proposal (20%)</b>		
1. Demonstrated understanding of problem and policy relevance of the proposed intervention	4%	
Comments		
2. Clarity of the proposed intervention and feasibility of implementation	4%	
Comments		
3. Suitability/Testability of research questions and hypotheses	2%	
Comments		
4. Technical rigor of research design and methodology	6%	
Comments		
5. Originality of proposed intervention and contribution toward policy implications	4%	
Comments		
<b>Presentation (10%)</b>		
1. Clarity in presenting development problem and relevance of proposed intervention	2%	
Comments		
2. Clarity in explaining the proposed policy intervention	2%	
Comments		
3. Clarity in stating research design and methodology	2%	
Comments		
4. Ability in address critiques and questions	2%	
Comments		
5. Time	2%	
Comments		

Proposed Intervention 4  
Name:

Assessment criteria	Total	Points
<b>Research Proposal (20%)</b>		
1. Demonstrated understanding of problem and policy relevance of the proposed intervention	4%	
Comments		
2. Clarity of the proposed intervention and feasibility of implementation	4%	
Comments		
3. Suitability/Testability of research questions and hypotheses	2%	
Comments		
4. Technical rigor of research design and methodology	6%	
Comments		
5. Originality of proposed intervention and contribution toward policy implications	4%	
Comments		
<b>Presentation (10%)</b>		
1. Clarity in presenting development problem and relevance of proposed intervention	2%	
Comments		
2. Clarity in explaining the proposed policy intervention	2%	
Comments		
3. Clarity in stating research design and methodology	2%	
Comments		
4. Ability in address critiques and questions	2%	
Comments		
5. Time	2%	
Comments		

Proposed Intervention 5:  
Name:

Assessment criteria	Total	Points
<b>Research Proposal (20%)</b>		
1. Demonstrated understanding of problem and policy relevance of the proposed intervention	4%	
Comments		
2. Clarity of the proposed intervention and feasibility of implementation	4%	
Comments		
3. Suitability/Testability of research questions and hypotheses	2%	
Comments		
4. Technical rigor of research design and methodology	6%	
Comments		
5. Originality of proposed intervention and contribution toward policy implications	4%	
Comments		
<b>Presentation (10%)</b>
