

Group Presentation

- Each group consists of approximately 5 students.
- Each group studies and analyzes the assigned paper, and presents it to the class. The presentation (about 15-20 minutes) should address the following items:
 - o Summary of the paper: objective, scope, methodology, data used, results, and conclusion
 - o Discussion: How the paper is related to class materials.
 - o Comments and/or suggestions on future studies
- Other students are encouraged to ask and/or comment your classmates' presentations.
