EE212 2/2021

Assignment 5: Change in equilibrium national income

1. Give one example of factor that can decrease DAE (shift DAE down) which also affect injection or leakage line.
2. According to question 1 draw graphs to show the shift of DAE and the shift of injection or leakage lines and changes in equilibrium point and equilibrium national income.
3. Explain adjustment process from old equilibrium national income to new equilibrium national income

Deadline: Tuesday February 22nd, 2022 midnight
